The School Student Ambassadors from Wawona School also shared what they love about Wawona School.

Next, Superintendent Nelson provided a brief report to the Board of Education, including:

- Superintendent Nelson started by sharing that next week a letter will be landing at home for students for our Summer Academy program. This program is our traditional summer school program – helping elementary and middle school students catch up on their academic skills areas like literacy or math while providing opportunities for high school students to recover academic credits. Last year we launched a unique and new offering with our summer camp programs – these are student enrichment opportunities above and beyond academic recovery. We will share more around summer camps next month, including how students can register.
- Next, the Superintendent shared that our board will review and discuss staff plans for our district's outdoor in-person graduation plans for the Class of 2021. As you know, I made a promise to our seniors from last year that they would get their opportunity to be honored. Our seniors deserve to be celebrated and with local health conditions improving and Fresno County reaching the orange tier, we all look forward to celebrating our class of 2020 and 2021.
- Last, Superintendent Nelson took a couple of minutes to share that ALL THREE of our district Excellence in Education winners who moved on to the Fresno County Educator of the Year awards have been selected as finalists in their categories. Kaylah Salinas, a computer lab tech at Fresno High

School is a finalist as an Employee of the Year.
